

CUDGEL OF CARMACK
VIGOROUSLY WIELDEDIn Defense of the Character of the
Absent Aguinaldo

He Wants the Washington of the Philippines Before the Committee in Order that He May Reply to His Defamers—Industrial Conditions Blackly Pictured in the House—A Tennessee Representative Describes a Howling Wilderness in the Philippines As Was Ordered by General Smith.

Washington, May 1.—Aguinaldo was the special subject of discussion in the senate today. As soon as the Philippine government bill was taken up, Mr. Carmack of Tennessee resumed his criticism of the Philippines committee because of its refusal to call Aguinaldo and other Filipinos as witnesses. He maintained that as reflections by witnesses had been cast on the character of Aguinaldo he ought to be permitted "in all decency" to defend himself. Mr. Carmack's contention was sharply combated by Mr. Foraker of Ohio, Mr. McComas of Maryland, and Mr. Burton of Kansas.

Mr. Culberson of Texas, in support of the statement by Mr. Carmack, that the war department had suppressed information and falsified the Philippine situation, presented a letter from the secretary of war which he thought was proof of the Tennessee senator's assertion. The secretary stated in the letter that it was not practicable to supply the information requested because no special account was kept of the Philippines war expenses, and it would require the services of a large force of clerks to work out the information desired.

Both the Roosevelt reservation bill and the sundry civil appropriation bill received consideration, but there was no final action.

THE HOUSE.

Washington, May 1.—The house after the most of the day to the District of Columbia appropriation bill which was not completed. Mr. Sharkey of Ohio spoke on industrial conditions, and Mr. Gaines of Tennessee in criticism of the conditions in the Philippines.

As to immigration Mr. Shattuck said: "Another serious factor in the problem is immigration. The addition of five million immigrants to the labor supply of our country since 1890, and a current increase of 500,000 yearly, form a menace to the labor of our land, should a period of depression again visit our industries. The result will be a positive reduction in the standard of wages, the standard of living, and the standard of civilization."

Mr. Shattuck also discussed industrial conditions, labor organizations, the right of employees to strike, and the gradual improvement of conditions existing between labor and capital.

Mr. Gaines of Tennessee denounced the conditions in the Philippines, declaring that an army was making a howling wilderness of the islands of Samar and Cebu.

AGUINALDO'S VIEW
OF PHILIPPINES

He Does Not Believe the Islands are Ready for Independence.

Washington, May 1.—General MacArthur before the senate Philippine committee described the resistance rendered by the Filipinos to the United States army when it first landed at Manila, and he said that on account of their deserting the fire of the Spanish resistance to the United States forces was somewhat lessened.

General MacArthur spoke of the capture of papers from him which indicated in which information was contained that if President McKinley should be re-elected the insurgents would surrender to the United States. General MacArthur expressed an opinion that the rebellion against Spain did not have independence for its object.

The Filipinos simply wanted the same rights the Spaniards had at home," said the witness, "but the insurrection against the United States became a demand for independence as far as the leaders could give it that form."

Before leaving Manila MacArthur said he had a conversation with Aguinaldo, who told him that he had been misinformed as to the character of the American people, and the purpose of the American government. Aguinaldo also had told him it would be impossible at this stage of their evolution for his own people to establish a stable, independent government. This statement was voluntary, he said, and caused him to revise his views about Aguinaldo, and after he got to know him he attached considerable weight to what he said.

Responding to a question by Senator Hawley he said Aguinaldo was at the time of the conversation a "confirmed prisoner," but that no coercion or duress was resorted to to exact the statement.

Mr. Hawley appealed to the chair for a decision as to the competency of this

testimony, claiming that it was ex parte and from hearsay, and that Aguinaldo should be brought here to testify, but he was overruled.

The committee in secret session at this point considered the question whether steps should be taken to secure the attendance of Major Gardiner in advance of the arrival of that officer's regiment. It was stated that the regiment would not leave the Philippines until about June 1, and the members of the committee were anxious to have the arrival of that officer's regiment. Representative Hall, ex-senator and chairman, was also at the White House tonight, talking with the president about the coming congressional session.

THE INDIAN BILL.

Washington, May 1.—The conference report on the Indian appropriation bill was presented to the senate today. It took the senate about an hour to consider the bill, and it was passed by a vote of 75 to 15. The bill provides for the opening of the United States reservation in Utah which was retained. The report carries entirely a new provision concerning the court in the Indian Territory, which was suggested by the interior department. The number of places for holding courts is considerably increased by the provisions.

RELATIONS WITH CUBA.

The bill establishing a Diplomatic and Consular Service.

Washington, May 1.—The house committee on a foreign affairs today offered a favorable report on the bill of Representative Hill of Illinois establishing a United States diplomatic and consular service in Cuba, with a United States minister at a salary of \$10,000; a secretary, \$5,000; a consul general, \$3,000; a secretary, \$1,000; and a consul, \$2,000 each.

PITTSBURG STRIKE.

Nine Building Trades Are Involved in It.

Pittsburg, May 1.—Nine of the organized building trades in the Pittsburg district started a conflict this morning for higher wages. Many employers agreed to the demand of the 12 men's union who were referred to this morning probably not more than 5,000 will be idle tomorrow.

Much of the building up nation in the city was forced to suspend during the day while the strike continued, and the employers were negotiating settlements. The trades involved in the war, namely the bricklayers, carpenters, electricians, plumbers, sheet metal workers, holers and portable engineers, shapers and the roofers and had carriers.

WEDNESDAY NIGHT'S FIRE

It Was Less Destructive Than it at First Seemed.

The fire of Wednesday night which burned down the city of Pittsburg, was less destructive than it at first seemed. The fire started in a building on the corner of Third and Main streets, and it spread rapidly, but it was contained by the fire department. The damage was not as great as it at first seemed. The fire started in a building on the corner of Third and Main streets, and it spread rapidly, but it was contained by the fire department. The damage was not as great as it at first seemed.

Very little of the stock of any of the merchants involved, except E. A. Ross, in whose store the fire started, was actually destroyed. The stock of the other merchants was saved, though there was a great deal of damage by water. Even the approximate total loss could not be determined yesterday and will not be known until after it has been estimated.

The greatest damage was probably inflicted on the stock of H. F. VanDyke, the jeweler, for he is reported by the insurance. Mr. Ross places his loss at from \$500 to \$1,000. A considerable part of his stock in the front part of the store was carried out, but it was well soaked with water and was subse-

quently stolen. Deputy Constable Redwine found several pieces of cloth yesterday morning hanging on a clothes-line in the northern part of town, drying out. The premises where he found the goods were occupied by a Mexican, and he was arrested.

It was shown that there is at least one fire-proof building in town. It is the frame structure owned by R. F. Duff's school. It has gone through a half dozen fires unscathed and on Wednesday night the conflagration raged on two sides of it. Some of the enemies of Mr. Duff say that his immunity comes from the great quantity of water with which he douses his fire. Others say that all his fires are to be reserved for him in the next world.

D. Nicholson, the tailor, escaped with no loss beyond the disarrangement of his goods. He said yesterday afternoon that that was the fifth time he had carried his stock across the street in front of the Monahan block on account of fire, so that his last recent experience was devoid even of the charm of novelty, and after he had everything moved up in front of the S. F. P. & P. office he felt that he was at home again. He says if Colonel Monahan will make out a reasonable bill for rent covering the various times he has had to occupy his sidewalk he will pay it.

SILVER FALLING DOWN.

Another Decision Dissatisfactory to the Spectators.

St. Louis, May 1.—The twenty-fourth bout at the West End Athletic club tonight for the bantam weight championship of the world between Harry Fether, the present holder of the title, and Johnny Reagan of Brooklyn, was declared a draw by referee Siler. The decision was unpopular, the majority of the spectators being of the opinion that the New Yorker was entitled to the verdict.

SENATOR MONEY
WANTS IT DROPPED

He Has Cooled Off Since His Late Street Car Altercation.

Washington, May 1.—An expected move to legislate the three cases of alleged assault growing out of an altercation on a street car last week, in which Senator Money of Mississippi, Congressman Ophir H. Shaver, and Frank Robinson James E. Hooper of the district three department, figured, resulted today in a postponing of the cases in federal court until Tuesday. After a protracted conference between counsel for Senator Money in District Attorney McIlwain's office, it was decided by him to allow the cases to drop, and when they appeared in police court later Mr. McIlwain announced to Judge Kimball that after an investigation of the cases both sides had concluded that the cases of justice would be subserved by dismissing the charges against all three defendants. The attorneys for Shaver and Hooper protested against this action.

Senator McIlwain, Senator Money's colleague, who, with Attorney Bell, represented Money, explained that Mr. Money had been confined to his room since Saturday, and was threatened with pneumonia. Mr. McIlwain thought it was "unnecessary to state the name of the trouble." He stated that a physician's certificate stated yesterday, addressed to whom it may concern, setting forth that Senator Money was suffering from pneumonia of the lungs, and confined to his room and bed, and it would be five or six days before he could leave the house. All he wanted, said Mr. McIlwain, was to require Senator Money from further participation in this case for any alleged offenses charged against him.

The court stated that the only point was as to the power of the district attorney to settle process, which he was inclined to sustain, but he finally agreed to postpone announcing his conclusion until Tuesday morning.

DOWA TORNADO.

An Agent of the C. M. & St. P. Reported to Be Killed.

Des Moines, Iowa, May 1.—A tornado struck Des Moines, Iowa, at 5:30 tonight. Two employees of the Chicago, Milwaukee & St. Paul, the station, and a number of dwelling houses were destroyed. The agent of the Chicago, Milwaukee & St. Paul railway is missing, and is supposed to have been killed or injured. Telegraphic communication with Des Moines was paralyzed by the storm. Details of the disaster are difficult to obtain.

At Van Wert a farm shed collapsed and fell on the town. The high wind blew down houses and barns and uprooted large trees. Several people are reported injured but none are killed. At Wapakoneta a farm house was blown down and three children injured.

FUNSTON BANQUETED.

By National Guard of Colorado on "Dewey Day."

Denver, Colo., May 1.—Reinhardt General Frederick Funston, commanding the department of the Colorado, was fettered a banquet tonight at the Windsor hotel by the officers of the First Infantry of the National Guard of Colorado.

The occasion was the celebration of "Dewey Day." A message was received from President Roosevelt expressing his regrets at his inability to be present. General Funston responded to the toast: "The Eighth Army Corps."

ARIZONA POSTMASTERS.

Washington, May 1.—Among the nominations by the president sent to the senate today were: Arizona postmasters, George J. McCabe of Bisbee and Arthur J. Hudson of Clifton.

ST. LOUIS FAIR
ONE YEAR LATER

President Francis of the Company Makes Announcement.

The Year had to be Definitely Stated in the Congressional Appropriation Bill and a Postponement Has Been Generally Requested.

St. Louis, May 1.—A statement was given out this evening by President David R. Francis of the Louisiana Purchase Exposition company, in which he says: "The sundry civil bill, which passed the house several weeks ago, and is now going through the senate, contains an appropriation of \$1,000,000 to provide for a government exhibit, a special Indian exhibit and the additional cost of a government building at the Louisiana purchase exposition. It was deemed advisable to have the date of the fair definitely fixed in that bill in the event that any change from 1903 should be decided on. For many months past the fair has virtually been postponed for one year. A decided majority of the directors prefer 1904, and have done so for six months or more. The repeated requests of both domestic and foreign exhibitors for postponement, advice from foreign governments to the effect that they had not sufficient time in which to make preparation for a representation in 1903, the statement of Governor Taft that the Philippines would be unable to install their exhibits in a creditable manner if the exposition should not be postponed to 1904, the expressed fear of the government architect that he could not procure material for the government building by 1903, and the fact that the general public have for months past considered postponement a foregone conclusion, were some of the reasons which moved the executive committee to authorize me to inform the national commission that any action of congress changing the date of the exposition from 1903 to 1904 would be acceptable."

A telegram from President Carter of the national commission was received at 8:30 this afternoon. Senator Candler wired on this afternoon that the sundry civil bill would pass the senate on Saturday, and if a change of date was to be incorporated therein, congress should be advised of the wishes of the local corporation. There was not sufficient time to call a meeting of the board of directors to take action on the subject, consequently the executive committee authorized me to express their wishes to the effect that a postponement should be ordered by congress."
